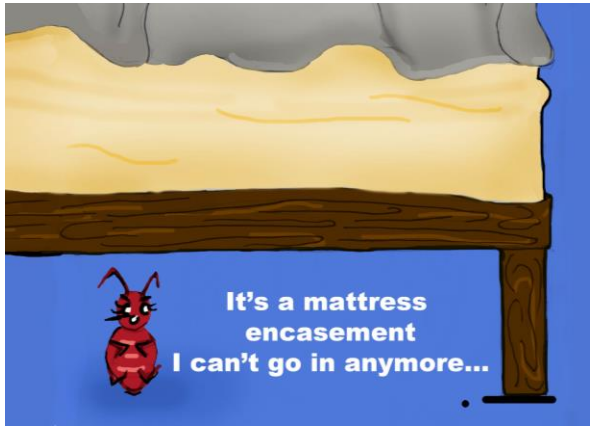
Usually the person doesn't feel the bed bug bite and continues sleeping

What happens if a bed bug bites me?

Itchiness and it leaves a red mark that lasts for a long time

Do bed bugs transmit illnesses?

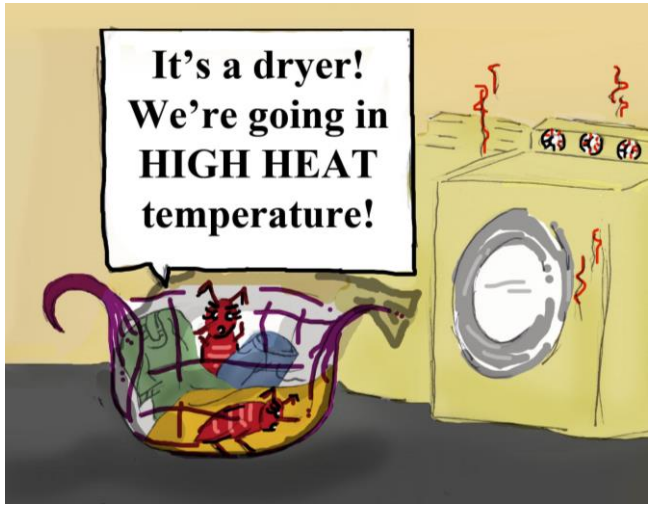
No, they only cause itchiness



Some methods to Eliminate

Heat Treatment

Dehydrate bed bugs if they infest your clothes



1. Dry clothes in HIGH HEAT for 40 minutes
2. Wash clothes
3. Dry clothes

Store clean clothes in sealed containers or secure plastic bags

Protect your bed with a mattress encasement

It can trap bed bugs that are already in your bed and prevent more from coming in
